InTouch Licensing FAQs

• InTouch V10.1 license will run InTouch V10.0 and V10.1

• InTouch V9.5 license will run V5.6 up to V9.5

• Development license includes V10.1 and V9.5 licenses.

•Development license also includes a runtime license (but not for consignment).

• Development license includes an IO server license (to be used on the same node).

• Upgrades are included with Customer First.

• Any version of license can be upgraded to latest version.

• Licenses can be functionally upgraded (tag size, IO servers), but functional downgrade not possible (e.g. with I/O to without I/O)
