In addition to the standard video editing and burning functions, the program offers a slew of innovative tools and advanced features to help you modify your DVD or Blu-ray movie in the way you want it. Features: Import video files in.MPG or.AVI Capture the contents of the video file Cut, split, combine and delete frames, add effects and titles Create composite and cross-fade images Import images from the clipboard, the disk and online resources Edit audio Edit video Burn and encode video Create a DVD folder structure Languages supported: English, French, German, Italian, Portuguese, Russian, Spanish, Simplified Chinese, Traditional Chinese, Japanese, Korean, Thai, Indonesian and Vietnamese. Included: Movie Burner Viewing and Editing DVD Creator Recording Player Open Source 1-Year Full Product Warranty System Requirements: PC Windows XP/Vista/7/8 Operating System: 1024MB of RAM 2GB of free hard disk space 1GB of disk space for installation VGA 17″ or greater display screen size This review was posted on the offical website and is authorized by the developer.1. Field of the Invention The present invention relates to a method for reducing an interference signal in a digital TV signal transmission system. 2. Background Art In the United States, the Digital Television Standard Committee (DTV) of the Advanced Television Standards Committee (ATSC) has selected ATSC 8 VSB (Vestigial Sideband) transmission as one of the candidates for the next generation terrestrial broadcasting system. FIG. 1 is a block diagram showing a structure of an ATSC 8 VSB transmission system. In FIG. 1, there are a channel encoder 10 and an interleaver 12. The channel encoder 10 adds, at prescribed intervals, a sync signal and a field sync signal to a data, performs Reed-Solomon coding on the data, and multiplexes the data and the sync and the field sync signals. The interleaver 12 interleaves the data that was subjected to the Reed-Solomon coding. A data deinterleaver 14, a Reed-Solomon decoder 16, an 8 VSB demodulator 18, a D/A converter 20 and a sync and 82157476af
